

Free Transportation to Youth-Specific Clinics Available for Youth Who Require It

Available for youth across Health Unit district to attend youth-specific vaccine clinics from June 14-20

1. Student Transportation Operators are prepared to be available to provide this service on an as needed basis;
2. If youth:
 - a. Have not registered yet, please do so as soon as possible;
 - b. Have not registered because transportation is a barrier, arrangements can be made. Youth should register for a vaccine appointment and then contact the Nipissing Student Transportation Services (NPSSTS) at (705) 472-8840 between 8:30 a.m. and 4:00 p.m. Monday to Friday to arrange transportation;
3. The NPSSTS will serve as the point of contact for these purposes;
4. For insurance and safety reasons, the School Bus Operators advise the following is needed:
 - a. That a parent, guardian accompany the student(s);
 - b. That all students and adults self-screen for COVID 19 before boarding the vehicle;
 - c. That all passengers must wear a face covering to ride the vehicle;
 - d. That all passengers be picked up at a designated stop, which may or may not be the home address;
 - e. Operators will maintain at least one staff member within their respective offices for communication purposes in case of an emergency (normal home to school protocol), as will the NPSSTS.
5. There will be no issue with a passenger displaying symptoms of COVID-19 subsequent to their vaccination and no one will be stranded due to vaccination-induced symptoms.
